2 Huawei HCIE-Computing V1.0 Exam Outline

2.1 Exam Contents

The HCIE-Computing exam includes: Insight into computing industry ecosystem, Key technologies and applications, kunpeng computing solution design and practice, kunpeng computing system optimization.

2.2 Knowledge Points

chapters	Written	Lab
Insight into computing industry ecosystem	5%	5%
Key technologies and applications	25%	10%
Kunpeng computing solution design and practice	60%	70%
Kunpeng computing system optimization	10%	15%

Insight into computing industry ecosystem

- The status quo of the traditional computing industry and its room for improvement;

- Computing requirements of emerging technologies;
- How the industry addresses challenges.

Key technologies and applications

- General-Purpose and Heterogeneous Computing Technologies;
- Accelerator Components and Computing Platforms.

Kunpeng computing solution design and practice

- Solution Cases in Diversified Scenarios-Web;
- Solution Cases in Diversified Scenarios-SDS;
- Solution Cases in Diversified Scenarios-Big Data;
- Software Application Migration Solution Practice;
- Deep Learning Application Solution Practice;
- Hyper-Converged Application Solution-Private Cloud;
- Hyper-Converged Application Solution-Database.

Kunpeng computing system optimization

- Introduction to System Optimization Solutions;
- System Optimization Solution Practice.
