Annata storica nel primo ventennale di Le Piane. Annata equilibrata con un autunno splendido che ci ha permesso di aspettare con la Vendemmia fino al 20 Ottobre. Uve con una maturazione polifenolica estrema eppure con zuccheri che vanno poco oltre i 14 gradi. Vini sapidi con tannini morbidissimi e molto espressivi. Quantità immensa.

The best year ever in 20 years of story. The whole year was perfect, rain at the right time, nice weather mostly in summer with normal temperatures followed by an incredible nice and stable fall. We could choose for every grape variety and vineyard the right moment to pick. It was the longest harvest as we could even wait sometimes some days to reach the best ripeness and there was a very good yield everywhere. Every vineyard expresses the best of Boca and the first blends of Boca made are outstanding, full of charm and aromatics, elegant and concentrated at the same time.
