

SHAREHOLDER SUBSCRIPTION 2026

(Orders placed by 1 September 2026 for collection in Boca on 12 September or till 20 September for connected shipment in November. **The orders are once again eligible for a volume discount!! See page 1)**

BOCA DOC 2021: Finally bottled this outstanding vintage. Full of energy, deep and mysterious with fresh nice fruit of little berries and autumn forest on velvet tannins. All weightless and full of light with only 13% alcohol. Unfiltered. 16,000 0.75l bottles. 840 magnums.

MIMMO Vino Rosso 2023: The next vintage will be 2025, and we are once again offering the wonderful 2023 vintage. We have made some changes to this wine, improving it by increasing the proportion of Nebbiolo to 85% and reducing Croatina accordingly to 10%. Vespolina still accounts for 5%. In this form, the wine will now also carry a DOC designation, being marketed as Colline Novaresi Nebbiolo, which should also make it easier to sell. The wine is becoming more refined and elegant, approaching a style that can be enjoyed earlier. It displays delicate berry fruit with a floral, fragrant character. Silky and complex on the palate with a long finish. Aged for two years in wooden barrels. 16,000 bottles, 180 magnums.

LA MAGGIORINA Vino Rosso 2023: With this second La Maggiorina, we have reached the top. It has always been the finest 23 in the cellar and has consistently shown outstanding promise on its journey to the bottle. It is made exclusively from the old 'Maggiorina' vines, comprising 13 different grape varieties (red and white), and is left to mature for two years in large wooden casks. Highly complex with dark, concentrated fruit, full-bodied and juicy; a potpourri of dark berries and cherries, undergrowth and rich spice with many layers, it pairs well with all kinds of hearty dishes. In this form, it embodies the old Boca with its great character like no other wine and does justice to the Maggiorina system with its labour-intensive manual care. 6,500 bottles, 120 magnums.

PIANE Vino Rosso 2023: We're skipping the magnificent 2022, which is still maturing a little in the bottle, and presenting the 2023 vintage. Ever since we began producing La Maggiorina, the Piane has only been produced in great vintages, when it shines with high concentration and density. This is certainly the case here, with its concentrated cherry fruit and great richness – dark and seductive. 6,000 bottles.

NEBBIOLO COLLINE NOVARESI DOC 2025: We wanted a fresh Nebbiolo that would embody Northern Piedmont: freshness, a bouquet of berries and flowers, racy on the palate and smooth on the finish. We have achieved this once again with the 2025, and the bottle will be empty sooner than you might think. Best served at a slightly lower temperature (16°C). This wine has definitely become our entry-level wine. 42,000 bottles.

BIANKO Vino bianco 2025: A wonderfully harmonious vintage with floral notes and ripe fruit flavours of pears and alpine flowers. Its minerality gives it a long finish, making it a great accompaniment to many dishes. With an alcohol content of just 12%, it is lighter and more approachable. Our white wine is very popular and therefore sells out quickly. 16,000 bottles.

Volume discount: **The following additional discounts are available for larger orders**
from 60 x 0.75l bottles **5% (Magnum bottles count as 2 bottles)**
from 120 bottles (0.75l) **10% (Magnum bottles count as 2 bottles)**
