

# SHAREHOLDER SUBSCRIPTION 2023

(available from the end of August in Boca and **again with quantity discounts!!**, see page 2)

---

**PLINIUS III BOCA DOC 2017:** After exactly 10 years, another Plinius succeeded. The two years are extremely similar, were rather warm and we reached maturity in mid-October with still summer temperatures. Therefore, a hot fermentation was possible again (up to 38 degrees), which makes the wine strongly structured and storable. It therefore also needs 5 years in the barrel and will now be bottled in September 2022. Highly complex, rich nose of berries, tobacco, balsamic and spicy notes. Velvety and dense on the palate with a long finish. A wine that can be left for another 10-15 years and is a great experience of an unusual Boca. Unfiltered. 2'400 0.75l bottles, 480 Magnum.

**BOCA DOC 2018:** Definitely the great vintage in Boca. It combines everything that one expects from a great wine: Fineness and complexity, great harmony and a velvety, juicy structure with a long, fresh finish. A wine that is already impressive today but will certainly develop over the next 10-30 years. Unfiltered. 13'000 0.75l bottles. 600 Magnum.

**MIMMO Vino Rosso 2020:** A full-fruited wine with great energy and finesse. Wonderfully crisp and fresh with berry notes and finest elegance thanks to silky acidity. 80% Nebbiolo, 15% Croatina and 5% Vespolina, aged for two years in wooden barrels. 16'000 bottles.

**PIANE Vino Rosso 2021:** A Piane with extreme drinkability and harmony, concentrated yet with beautiful flow and great aromatics from cherries to blueberries and undergrowth. One of the most harmonious and elegant of its kind. Unfiltered. 6'000 bottles.

**NEBBIOLO COLLINE NOVARESI DOC 2022:** We wanted a fresh Nebbiolo that would embody northern Piedmont: Freshness, bouquet of berries and flowers, racy on the palate and smooth on the finish. We have achieved this again with the 2022 and the bottle is empty faster than you can imagine. Can be drunk at a slightly lower temperature (16°C). This wine has definitely become our entry level wine. 28'000 bottles.

**BIANKO Vino bianco 2022:** Our white wine is becoming more and more precise. Ageing in large wooden barrels now seems to be the recipe for this wine. Good structure and great substance underpinned with great minerality and good acidity make it a great white wine with class. It wants to be drunk with food. Aromas from alpine flowers to pears to exotic notes combine in a wonderfully creamy texture. 10'000 bottles

**EOS Vino bianco 2020:** The first attempt at a white wine from Erbaluce from grapes that come only from Boca. Again, the difference of our gifted vineyards shows - a great ripe and rich white wine with great minerality and fullness, but ending on racy acidity, resulting in a wine full of character with intense aromas and great length. 2'500 bottles. Limited subscription right 3 bottles per shareholder, further 3 bottles per 10 shares.

**ROSATO 2018:** The second version of a different kind of aged rosé made from Nebbiolo grapes, complex, deep and ripe with rose fragrance and spice and definitely to be enjoyed with food. 500 bottles

**Quantity discount:** For larger quantities, the following additional discounts are granted from 60 bottles 0.75l 5% (Magnum bottles count as 2 bottles)  
from 120 bottles 0.75l 10% (Magnum bottles count as 2 bottles)
