THE NEW LIVE SET — FROM THE FORTHCOMING ALBUM

Repeat Until Prayer

A 40–50 minute set built on repeating loops and very slow variations: repetition turns hypnotic, and listening becomes attentive, almost ritual. Drones and harmonics generated live with synthesizers, samplers and field recordings.

"A hypnotic atmosphere that feels both immersive and quietly introspective."

The Abstract Observer, 2026

"Sweet and soothing, like a warm blanket."

Bandcamp Daily, on Music For Nothing
